There are two Agricultural Inspectors attached to the Office of the Agri Chemist, one on Rs 75 a month, the other on Rs 30/- a month, both going only as clerks in his office. There is an Agri Inspector attached to Nabha Farm on Rs 50/- a month. There is nothing on record to show that there are vacancies in his office, into which the two men can may be absorbed.

5. The two appointments propose appear to be new ones and cannot be made without increasing the cadre. Submitted with a draft calling for information on the above.

Perhaps it would be better to continue these men temporary. Sometime before 30/6/11 the issue of the Economic Conference which has taken the project on hand, may have come to some definite proposal to suggest as to the question of confirming these men. It may then be taken up. There is perhaps no reason to give them any hope as to permanency in the Agriculture Dept. as far as we see now.

Agreed

H. Sobell

This is a pucca proposal for increasing the agricultural Dept. staff by two men and a regular proposition. Statement

Submitted to His Highness.

In October 1910 the Government sanctioned the entertainment by Dr. Coleman of two temporary fieldmen for demonstration work connected with the Agricultural Department till the end of the official year. Dr. Coleman now reports that they have done useful work and recommends that they may be confirmed as Agricultural Inspectors on Rs.50.

Paper under dis. book

2. With reference to this proposal the Financial Secretary notes that "if Government on scrutiny of the proposition statement find that all hands on the present scale are fully utilised and more hands may be utilised for the benefit of the ryot, there would be no financial objection considering the immense importance of agricultural improvements"

Page 5 of a Year

3. The Second Councillor is of opinion that the two men may be kept on permanently and that the pay may be Rs.40 - taking the training into consideration- and may be raised to Rs.50 after 2 years.

Page 7 of Notes

Page 5 of Notes

The First Councillor is agreeable to Dr. Coleman's proposal being sanctioned.

4. I submit the papers for orders. The Department wants the services of more Agricultural Inspectors, and I recommend that the two temporary appointments may be confirmed. The pay may be fixed at Rs.30-5-50, and the men may be given Rs.35 from one year after their original entertainment.

DEPARTMENT OF AGRICULTURE. CHEMICAL LABORATORY. No. 1116 GOVERNMENT OF MYSORE.

Agri 46-10-6

Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, June 8th 1911.

From

Leslie C. Coleman, Esq., M.A., Ph.D.
Mycologist & Entomologist in charge of
the Agricultural Chemist's office, Bangalore,

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Genl. and Rev. Departments, Bangalore.

Sir,

I have the honor to request you to bring the following matter before Government for their consideration:-

On my recommendation Government in their Order No.R2201-2/Agri.46-10-2 of 24th October 1910 were pleased to sanction the appointment of K. Ramayya and V.N. Ranganatha Rao, graduates of the Nagpur Agricultural College as temporary Fieldmen in this department upto the end of this official year, their pay to be met out of the grant of Rs. 1500/- for Exhibition and Demonstration purposes.

Both these men have been doing useful work since their appointment. They have been almost constantly on tour giving popular Canarese lectures and demonstrations of the use of improved implements at fairs and jatras throughout the State. In addition their services are being utilised in carrying out demonstrations of improved agricultural operations such as the use of green manures and the benefits of single transplantation for paddy in parts of the State where these are not now practised.

It seems to me quite clear that it would be a great mistake to dispense with their services at the end of the year for the demonstration work is but begun and will be pushed just as vigorously as staff and funds will allow. It would moreover be unfair to them to keep them ~~longer~~ longer as temporary men. They have proved themselves to be faithful and on the whole capable men. I have the honor, ~~xxx~~ therefore, to recommend that they be placed on the permanent staff as Agricultural Inspectors on Rs. 50/- per mensem, the rate of increase to be decided later.

I need hardly point out the necessity of further funds for carrying out demonstration work as I have already included that in the budget estimates of the ~~xxxxxxxxx~~ Department.

I have the honor to be,

Sir,

Your most obedient servant

Leslie C. Coleman

For Agricultural Chemist.

SIR,

I have the honor to forward herewith duly verified a proposition statement together with letter No.77 dated 21st July '11 addressed to you by the Officer in charge of Agricultural Chemist's office. The proposal is to entertain 2 additional Agricultural Inspectors on Rs.50 each per mensem, which if sanctioned will result in an addition of Rs.1,200/- per annum to the permanent recurring expenditure of the State. No provision has been made in the Budget for this expenditure and considering the retrenchment that is now being made in all Departments of the State, it is a question for orders whether the proposal of the Agricultural Chemist should be sanctioned.

I have the honor to be,

Sir,

Your most obedient servant,

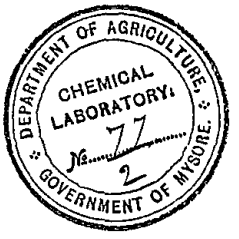
GPB—1,000—26-7-08



Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, July 21st 1911.

Through the Comptroller in Mysore, Bangalore.

From.

Leslie C. Coleman, Esq., M.A., Ph.D.,
Mycologist & Entomologist in charge of
the Agricultural Chemist's office, Bangalore,

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Genl. and Rev. Departments, Bangalore.

Sir,

With reference to your letter No. R. 402/Agri46-10-7 dated 18th July 1911 I have the honor to submit herewith a proposition statement in duplicate for the appointment of two Agricultural Inspectors on Rs. 50/- each per month. I have in my letter No. 1116 of 8th June last explained in detail the necessity for these appointments. I may state that it my intention to appint for these two new posts the two temporary Agricultural Inspectors whose appointments upto the end of June last had been sanctioned in Government Proceedings No. R. 2201-2/Agri. 46-10-2 of 24th October 1910. The period of their temporary service has practically been one of probation and of training for the kind of work mentioned in my letter No. 1116 and as they have acquitted themselves satisfactorily during the period of probation and training it is absolutely necessary that they should be confirmed and given a suitable pay if that has hitherto been done by them the useful work

should be continued to be done. In fact I am of the opinion that it should not only be continued to be done but it should also be done in a more extended scale. That would of course imply the entertainment of larger staff but I shall submit my proposals about them when suitable men become available. For the present therefore I confine my recommendation to the creation of the two posts proposed by me in the statement appended.

2 In your letter under reference I am asked to state whether there are any vacancies in my office into which these men may be absorbed. In reply I beg to state that even before I took charge of the office three men with agricultural training had been put on clerical work in the office of the Agricultural Chemist for want of a separate clerical establishment and after I took charge I have had to depute one of the Fieldmen in addition to do the clerical work of the combined offices of the Agricultural Chemist & Mycologist & Entomologist. I have on several occasions brought to the notice of Government that the clerical establishment as it is is inadequate and it is therefore absolutely impossible to absorb the two temporary Agricultural Inspectors into any vacancies among the clerical staff owing to the fact that such absorption would tend to reduce the already insufficient clerical staff.

I have the honor to be,

Sir,

Your most obedient servant,

Leslie Coleman

For Agricultural Chemist.

Urgent

D. O. 350

D. O. No. F 3287/10

DEPARTMENT OF AGRICULTURE, MYSORE,

Bangalore October 26th 1911.

Dear Sir,

May I be allowed to call your attention again to the necessity of passing early orders with regard to the pay of the two Agricultural Inspectors, K.Ramiah and V.N.Ranganatha Rao? As I have already pointed out these men have, during the eight months in which they were on temporary employ, shown themselves to be both willing and capable under decidedly trying conditions.

I believe I am correct in saying that Government has already sanctioned the appointment of two Agricultural Inspectors on Rs. 50/- a month to work under the Agricultural Committee of the Economic Conference and it appears to me that men who have already stood the test of eight months' work should not be less generously treated by Government.

These men have drawn no regular pay since July last nor can they draw any till this matter is definitely settled. I have taken upon myself the responsibility of advancing them money, otherwise they could not have kept on as long as they have. I cannot, however, continue these advances and so trust you will give this matter your very early consideration so that their

status may be fixed at an early date and they may be able to draw the pay due them for the last three months.

Yours sincerely,

Leslie Coleman
